

Why Best Bath?

Best Bath Systems is a leading American manufacturer of accessible, durable, and attractive walk-in showers and bathtubs. Since 1971, we have been dedicated to making bathroom products that are safe for people of all abilities.

Forty years of innovations are built into each product—from wood-reinforced gelcoat walls that allow installation of grab bars and shower seats anywhere in the surround without additional supportive backing, to our versatile Lifetime Shower System that adapts to meet your changing bathing needs.

With over 400 configurations available, we are sure you will find the shower that fits your space and suits your décor.

Our goal is to make sure that your bathroom remodel is the last one you will ever need. All shower products are backed by Best Bath's industry-leading 30 year limited warranty. Learn more at www.best-bath.com.

Innovative bathing products for worry-free
living in the home you love.

Barrier Free Showers

One way to make a bathroom safer and easier to navigate is to renovate with a “barrier-free” shower. This means that the shower has a no-step or low entry/threshold. Installing this kind of shower, especially before the risk of falls, is an important step towards maintaining your independence and safety.

Remodeler

Best Bath Systems remodeler showers and tubs set the standard for beauty, durability, and ease of maintenance. Ideal for home bathroom remodeling projects, our multi-piece models feature structurally reinforced walls, SnapJoint assembly, and pre-leveled shower pans—ensuring minimal bathroom downtime. Our showers are built to last, and are backed by our industry-leading 30 year limited warranty.

Walk In Tubs

Step into the ultimate bathing experience with a Best Bath walk-in tub. Twice the depth of normal tubs, each unit has a comfortable contoured seat back, safety grab bar, and comes standard with a heated seat with key pad controls. An optional wall kit, adds the versatility of a shower to your tub. All walk-in tubs fit seamlessly into your current bathroom surround area.

Accessory Packages

Simplify a home bathroom remodel by upgrading to a fully accessorized shower or shower/tub combo package. These packages ship conveniently with all the accessories you need for a quick and easy installation delivered in one crate. This upgrade is available with any any model, including accented and custom finish selections.

Whether you are looking for a quality shower for a remodel, a barrier-free shower, or a luxurious walk-in tub, Best Bath is the intelligent and worry-free way to live independently in the home you love.

All Best Bath products are proudly manufactured in the USA, and are backed by the best warranty in the industry. Learn more about the complete line of Best Bath Systems bathing products and accessories at www.best-bath.com.
